

# bt 2021 CAMPS

At Beth Tfiloh Camps you'll make life-long friendships with opportunities for learning, growing, and just having plain fun. We welcome all kids from age 2 through entering 10th grade. Our camp programs are customizable and our teachers are enthusiastic professional counselors.

A large background photograph of a young girl ziplining over a body of water. She is wearing a blue helmet, a colorful patterned tank top, and pink shorts. She is holding onto a thick rope and has her arms outstretched. The background shows a lake and trees.

# bt CAMPS

a great place for kids to grow.

# USE OUR DOOR-TO-DOOR TRANSPORTATION

Beth Tfiloh Camps serve families from Baltimore, Howard, and Carroll Counties, as well as Baltimore City. For the majority of our campers, we provide door-to-door bus service to and from your home daily.

## NO NEED TO PACK A LUNCH

We serve hot, nutritious lunches for a small fee.

Learn more at  
**[btcamps.org](http://btcamps.org)**

## SWIM EVERY DAY

Choose from instructional swim, recreational swim, or both! A triple-decker, double-barreled water slide adds excitement to recreational swim time.

# HAVE FUN ON THE WATER

On our lake, campers learn basic boating safety, captain their own paddle boat, and practice canoe and kayak skills under the watchful eye of certified waterfront staff. Campers get to ride the amazing zipline and 60-foot-tall-90-foot-long water slide — and more!

## EXPLORE CREATIVITY

Art educators guide children from the basics to advanced techniques in arts and crafts, including jewelry making, painting, and leather craft. Older campers also enjoy activities such as ceramics, weaving, and copper enameling.

## BUILD SPORTS SKILLS

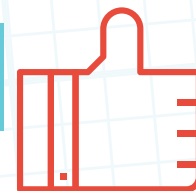

You name it – we've got it!

- Ga-Ga
- Relay races
- Dance
- Football
- Soccer
- Volleyball
- Zumba
- Lacrosse
- Basketball
- Cheer
- Kickball
- Tumbling

Our sports activities are taught by certified instructors using the latest techniques and equipment. The focus is on skill development and friendly competition.

for campers entering grades 2 through 8, **STEAM** is the best science, technology, engineering, art, and math summer programs around.

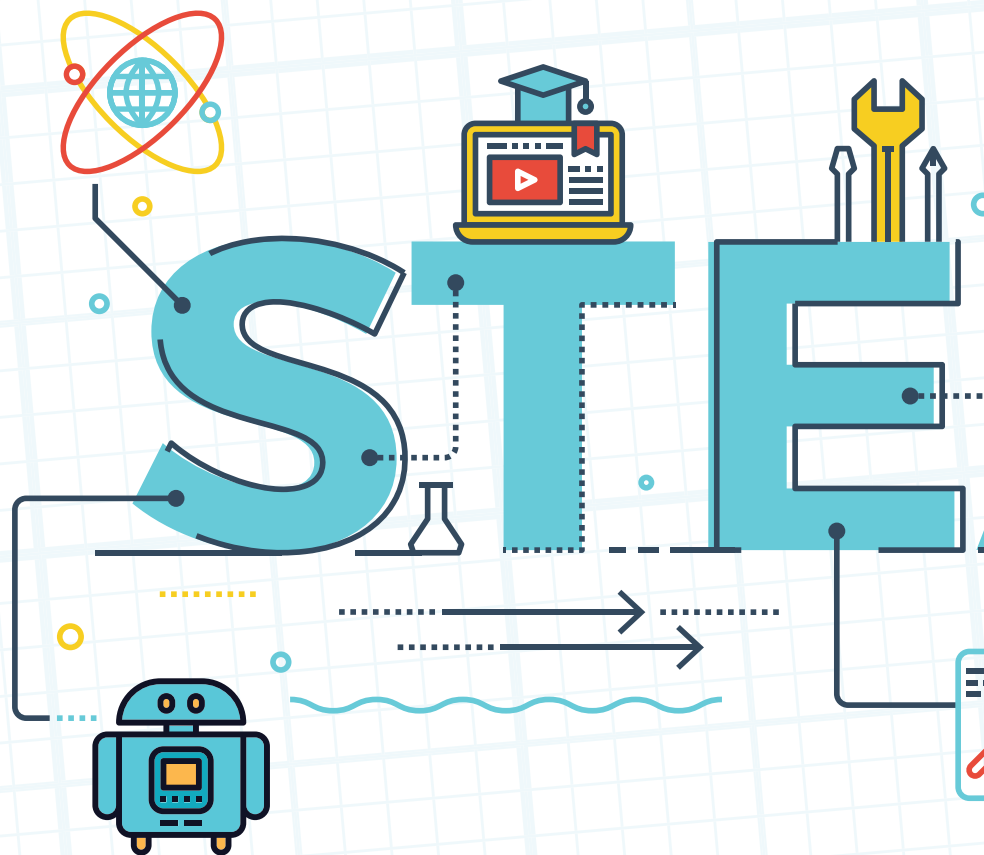

### WEEK 1 (SAMPLE - SUBJECT TO CHANGE)

- **Chef Challenge.** Learn how to choose ingredients, form recipes, and work together in groups to create your own edible masterpieces — may the best dish win!
- **Junior Meteorologist.** Measure and record rainfall, create a water cycle wheel, build a weather station, learn about the Greenhouse Effect, create a terrarium, design your own tornadoes, and create “snow” during the summer!
- **Video Game Making.** Create your very own epic role-playing game where your characters will come to life on the screen! Save your games to play over and over again at home.
- **Robot Building.** Dive into the wonders of technology with lessons on locomotion, circuitry, and programming. Build and take home different battery-powered robots, as well as a cubelet robot, and complete challenges with programmable bots.

### WEEK 2 (SAMPLE - SUBJECT TO CHANGE)

- **Bake Lab.** Whip up delicious treats and explore the chemistry that goes into making them. Learn how to bake biscuits, chocolate croissants, fruit pastries, pizzas, cookies, and more.
- **Lego WeDo Meets Scratch.** Learn basic Scratch coding skills to code WeDo Lego Robotics. With programmable Legos, build projects such as a Batmobile, Space Shuttle, and more in this hands-on coding class!
- **Cosmos Astronomy.** Travel across the Milky Way while experimenting with screaming balloon rockets, use solar glasses, use a star finder, build a telescope, construct and launch an airburst rocket, create a glow in the dark model of Saturn, design a UV-bracelet, build a sun-dial, and model our solar system.
- **Funky Physics.** Have a blast learning the FUNDamentals of the forces of nature and the science of motion. Explore magnetism, centripetal force, inertia, momentum, gravity, air pressure, electricity, and explosions!

All **STEAM** camps are held at Old Court Road.

**STEAM** programs are subject to change without notice. Food based **STEAM** programs are not allergy friendly.

**STEAM** camp offers are subject to change based on enrollment and availability.

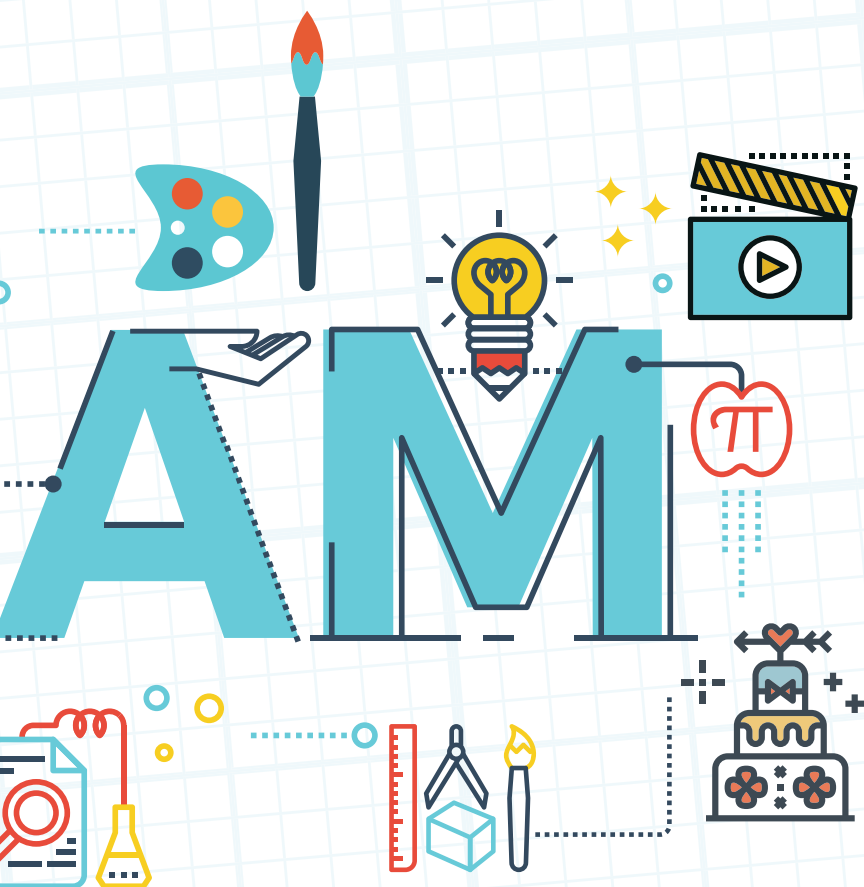

### STEAM schedule:

- 9:30 am **arrive at bt camps**
- 9:35 am **board bus to steam camp**
- 10 am **arrive at old court road**
- 10 am–12:10 pm **first period**
- 12:10–12:40 pm **lunch (brown bag)**

Learn more at  
**[btcamps.org](https://btcamps.org)**

12:40–2 pm **second period**

2 pm **board bus to bt camps**

2:30 pm **arrive at bt camps**

2:40–3:30 pm **swim**

3:30–4 pm **snack and go home!**

### WEEK 3 (SAMPLE - SUBJECT TO CHANGE)

- **Diner Delights.** Mix up everyone's favorite diner menu options: milkshakes, breakfast burritos, banana split strawberries, hash browns, homemade soups, and more!
- **Stop Motion Explosion.** Learn the science of film and animation through storyboard techniques, script writing, set design ideas, character development, film angles, lighting, and special effects. Make an amazing film using a variety of materials and objects such as clay, LEGO figures, and other everyday materials.
- **Crime Scene Investigation.** Conduct cool science experiments using DNA, fingerprinting, fiber analysis, and anatomy. Collect clues, identify suspects, and solve crimes using crime fighting tool kits!
- **Space & Rocketry.** From Earth to the outer planets, explore the physics of space, how astronauts live in the International Space Station, and launch several different kinds of rockets that you can take home at the end of the week.

### WEEK 4 (SAMPLE - SUBJECT TO CHANGE)

- **Edible Art.** Mix cooking and art to create Chocolate Galaxy Bark, Edible Slime, Magical Forest Cupcakes, Pink Piglets, Quilt Pizzas, Strawberry Ladybugs, and so many more edible masterpieces!
- **Dash and Dot Robots.** Dash and Dot are cleverbots created by Wonder Workshop that can sing, dance, navigate courses, and respond to voice commands. Using a tablet and apps, practice coding the robots to participate in a variety of different challenges and to create new behaviors.
- **Young Physicians.** Is there a doctor in the house?! Build a lung model, test for germs, build a spinal column, make skin prints, and more! Each camper will receive a stethoscope and percussion hammer.
- **Special Effects Make-Up.** Explore the world of special effects make-up through prosthetics, face-paint, and every day make-up. Turn yourself into an animal, make yourself look 50 years older, learn how to create bruises, scars, and cuts, and make your very own prosthetic mold.

## SURVIVE & THRIVE IN THE WOODS

Our two state-of-the-art, three-story climbing towers include climbing wall, giant swing and zipline. Complementing our towers are over twenty low ropes activities and a third rappelling wall leading to a 300-foot zipline over our lake. Our ropes challenge course safely encourages personal growth, develops leadership, and teaches team-building skills.
